Outstanding!!! As soon as you walk in , Welcoming front desk Receptionist, Lumi, super kind very efficient in her role extremely organized. As a new patient I'm often hesitant to trust a new Dental practice. This one very easy. I came today for Venus Whitening. My hygienist that looked after me very knowledgeable, explained the entire process step by step. Asked all the questions checked in all the time how I'm doing. I highly recommend her ( Nageen) . My results are amazing. A safe and beautiful procedure. Looking forward to my future appointments 😊😊!!

Staff is very friendly, helpful and on time. The doctor was very good. He worked quickly and with precision, ensuring that the procedure is done efficiently and with the best results possible, while avoiding, as much as possible, to cause any unnecessary discomfort.

Dr. Boeriu is a wizard. I've had many compliments from other dentists and my family about just how real my implant looks. I could not be happier with the work done. He comes HIGHLY recommended by me.

I've been a patient of Dr. Boeriu's for a year now and can honestly say he's the best of the best. I had consults with 4 different dentists for my complex case (10 year old poorly placed implant, bone loss, and gum recession front and center of my smile) and none of them were able to offer me a treatment plan as thorough and effective as he has. I'm a perfectionist and my expectations when it comes to my smile are very high but he's managed to surpass my aesthetic expectations. And the cherry on top is that he's an easy-going and cool guy too!

When the Titanic sank the band played on. This team is the band. They have been incredibly helpfu with emergencies, advice and ongoing care. The people and venue are special. Joyfully, they know how to get it done. Painless.

I managed all my strength, in order to see Dr Boeriu. The end result is amazing, healthy teeth and a great smile! But for me, the best achievement is that I lost my incredible fear of dentists. I confidently recommended Dr Boeriu to my friends, family and our children. We want the best for our children, and Dr Boeriu is the best!

I recently get one implant, one root canal, one extraction, one bones extraction for the implant, and one small surgery (cleanses my gum from my teeth, cleanses my teeth under the gum, stitches me a few times). All in same day, in 2 hour. Dr. Boeriu did a great job. Professional, very good specialist periodontist, and with an huge experience in medical dentistry, he did a great job. From his staff I received a lot of informations about my next few days regarding possible pains, possible swelling of the face, gums, etc. I was amazed to find that I had no pain, and I had no swelling. I just did not have to take any medication for pain. The only medicine I took was an antibiotic. Great doctor, very good specialist, I recommend it all the way to those who want specialized works, implants, and anything that requires the intervention of a specialist like Dr.Boeriu. Thank you doctor !

I have been seeing Dr Boeriu for many years. I have referred family and friends over the years because I am so happy with the service and integrity of Dr Boeriu and his staff. Everyone that has gone on my referral has been very happy and let me know. Everyone in his office is so caring, polite and professional, ...and patient!!

I can say I have never had a negative experience They always make me feel valued and take the extra time to explain and go the extra mile. Many times he has recommended not to do things and give things time, always my best interests at heart. As they progressed to cosmetics and implants etc.. all of my needs have been taken care of without needing to go somewhere else. The experience and expertise at this clinic is probably one of the best in the region if not the county.

I really feel like they are part of my family the way they treat me and I hope will be with them for many more years to come.

Dr Boeriu is a professional, gentleman and just a down to earth nice person.
